Datenbanken und Webtechniken
Practical Task – Summer Semester 2018 – MANUAL

Shyam Ashish Agrawal: 479026   Pallavi Singh: 485344

The Manual Provides Information About How to Use the Software.

Step 1

- Download and Install NodeJS - https://nodejs.org/en/
- Extract the Zip File Provided
- Open the folder in an Editor – For Example. **Visual Studio Code**

Step 2

- Install the Packages Required for the Project from the Terminal or Cmd using the following query: `npm install request cheerio mongoose express body-parser`
- Run the RestaurantAgg.js File using query: **node RestaurantAgg**

Step 3

- Open a Browser e.g. **Chrome.**
- Go to the Local Address - **http://localhost:4000/index.html**
- Now you will be able to use the Software

Additional

- Inform yourself about the Restaurants Scrapped and their Respective Menus

Restaurant 1: https://tillmanns-chemnitz.de/speisekarte

Restaurant 2: https://www.schroedingers.de/speisekarte-schroedingers

Restaurant 3: http://www.malula-chemnitz.de/
